

CAR-201

FOUNDATION COURSE

CBAM Fundamentals for Importers, Exporters and Suppliers

Understand how carbon border requirements affect products, data and trading relationships. This course introduces the EU Carbon Border Adjustment Mechanism from a practical business perspective. It explains covered activities, importer and installation roles, embedded-emissions information, supplier communication, reporting responsibilities and common misunderstandings.

LEVEL Foundation	FORMAT Live online	GUIDED LEARNING 5-5.5 guided hours	STANDARD FEE £545 + VAT where applicable
FOUNDING FEE £445 + VAT where applicable	ASSESSMENT 80% pass + practical task	CERTIFICATE Uniquely numbered Foundation Certificate	CORPORATE DELIVERY From £4,000

Learning outcomes

- Explain the purpose and structure of CBAM
- Identify potentially relevant goods and business relationships
- Distinguish importer, declarant and installation responsibilities
- Recognise core embedded-emissions data needs
- Prepare supplier and customer questions
- Identify when specialist advice is required

Course modules

- 1 CBAM purpose, scope and business roles
- 2 Covered products and supply-chain relationships
- 3 Embedded-emissions information
- 4 Data requests, records and common errors
- 5 Practical workshop: CBAM responsibility map

PRACTICAL OUTPUT

CBAM Responsibility and Data-Requirement Map

WHO SHOULD ATTEND

Importers and exporters; Procurement and trade-compliance teams; Manufacturers supplying European customers; Customs and logistics professionals; Sustainability and commercial personnel.

PREREQUISITES

No carbon-accounting or legal background is required. Participants should know the basic products and trade routes relevant to their organisation.

ASSESSMENT

Knowledge assessment plus the practical output. Learners must achieve the 80% pass standard and meet attendance requirements. One free resit is included.

COURSE SCOPE

This is a foundation programme. It develops awareness, structured review skills and practical readiness. It does not certify technical competence, regulatory compliance, legal sufficiency or professional authorisation.
