

NUC-202

FOUNDATION COURSE

Nuclear Quality Culture and Documentation Fundamentals

Build foundation-level awareness of the behaviours and records expected in nuclear work. This course explains how nuclear quality depends on disciplined behaviour, accurate records, questioning attitudes, controlled change and prompt reporting of concerns. It does not certify participants for safety-critical work; it prepares suppliers and new personnel to understand the environment.

LEVEL Foundation	FORMAT Live online	GUIDED LEARNING 5-5.5 guided hours	STANDARD FEE £595 + VAT where applicable
FOUNDING FEE £495 + VAT where applicable	ASSESSMENT 80% pass + practical task	CERTIFICATE Uniquely numbered Foundation Certificate	CORPORATE DELIVERY From £4,500

Learning outcomes

- Explain nuclear quality and safety-culture principles
- Recognise poor records and weak traceability
- Understand configuration and change-control concepts
- Identify non-conformance and escalation responsibilities
- Contribute to a questioning and accountable culture
- Prepare a basic documentation-control checklist

Course modules

- 1 Nuclear quality culture and personal responsibility
- 2 Traceability, records and evidence
- 3 Configuration and controlled change
- 4 Non-conformance, learning and escalation
- 5 Practical workshop: review a documentation scenario

PRACTICAL OUTPUT

Nuclear Documentation and Quality-Culture Checklist

WHO SHOULD ATTEND

New nuclear-sector personnel; Industrial suppliers entering nuclear; Quality and project teams; Engineers and document controllers; Managers onboarding teams to nuclear projects.

PREREQUISITES

No nuclear qualification is required. NUC-201 is recommended for organisations new to the sector.

ASSESSMENT

Knowledge assessment plus the practical output. Learners must achieve the 80% pass standard and meet attendance requirements. One free resit is included.

COURSE SCOPE

This is a foundation programme. It develops awareness, structured review skills and practical readiness. It does not certify technical competence, regulatory compliance, legal sufficiency or professional authorisation.
