

NUC-203

FOUNDATION COURSE

Nuclear Tender and Commercial Readiness

Assess whether a supplier can responsibly pursue a nuclear tender. This course gives tender, commercial and technical teams a structured approach to nuclear bid/no-bid decisions. Learners identify mandatory requirements, evidence gaps, flow-down obligations, delivery risks, resource demands and clarification needs before committing to a bid.

LEVEL Foundation	FORMAT Live online	GUIDED LEARNING 5-5.5 guided hours	STANDARD FEE £595 + VAT where applicable
FOUNDING FEE £495 + VAT where applicable	ASSESSMENT 80% pass + practical task	CERTIFICATE Uniquely numbered Foundation Certificate	CORPORATE DELIVERY From £4,500

Learning outcomes

- Interpret nuclear tender qualification requirements
- Conduct a structured bid/no-bid review
- Map evidence against mandatory requirements
- Identify contractual, quality and delivery risks
- Prepare clarification questions and assumptions
- Create a tender-readiness action plan

Course modules

- 1 Nuclear procurement and tender structure
- 2 Mandatory requirements and evidence mapping
- 3 Flow-down, subcontracting and delivery risk
- 4 Bid/no-bid governance and clarifications
- 5 Practical workshop: nuclear tender review

PRACTICAL OUTPUT

Nuclear Bid/No-Bid and Evidence Matrix

WHO SHOULD ATTEND

Tender and bid managers; Commercial managers; Technical directors and engineers; Quality and supply-chain teams; Industrial suppliers pursuing nuclear contracts.

PREREQUISITES

Basic tendering experience is recommended. NUC-201 is helpful but not mandatory.

ASSESSMENT

Knowledge assessment plus the practical output. Learners must achieve the 80% pass standard and meet attendance requirements. One free resit is included.

COURSE SCOPE

This is a foundation programme. It develops awareness, structured review skills and practical readiness. It does not certify technical competence, regulatory compliance, legal sufficiency or professional authorisation.
